

Master's Degree Requirements for International Student

National Taiwan University of Science and Technology (NTUST)

Department of Information Management

Master's Degree Requirements

1. The term of study for master's degree is between one and four years. Master students are eligible to apply for Master's Degree Examination if the following requirements have been fulfilled:
 - (1) The applicant should have received at least 36 credits from graduate-level courses. In addition, the applicant should have at least received 24 credits from the courses offered by the teachers in the department of information management. And these aforementioned credit requirements do not include the thesis, two semesters of graduate seminar courses.
 - (2) The 24 credits mentioned in (1) can include at most 6 credits from the special-topic courses.
 - (3) Students should complete the Academic Research Ethics Course before the end of the first year. Graduate students can apply for the examination of degree only after they pass the course.
 - (4) The applicant should have finished the draft of her/his thesis.
2. The master student should file the application of the Master's Degree Examination with the approval of her/his advisor and the department chair. Once applied, the application cannot be withdrawn except irresistible reasons, such as serious illness, family issues, or unexpected accidents.
3. If a master student wishes to withdraw his/her application of the exam, he/she must notify his/her advisor for approval and then files the application form to the department office. The application will be effective until being approved by the committee of department affairs.
